Statutory diversion works are due to start on the 7th September close to the academy premises adjacent to Trafford Road and Broadway. Phase 1 of 2 will involve cabling (Electric, Gas, Telephone) being relocated from within the existing footway to the proposed footway, during this period a survey of the existing drainage network will also be carried out.

Diversions will be put into place for any pedestrians using the footway and the proposed footway will be fenced off to protect the public whilst the work is completed.

We will provide further updates when these become available, if you have any concerns please contact the school via email info@oasismediacityuk.org with subject heading "Trafford Road Dev"
