

Date: 17th November 2022

Dear Parent/Carer,

First of all I hope that you and family are well. I want to write to you to communicate our plans around the upcoming **England versus Iran World Cup** match taking place at **1pm on Monday 21st November**.

At Oasis MediaCityUK we feel it is important to both celebrate who we are and find opportunities to bring us all together and this match is one of those opportunities to do this.

With this in mind, on Monday we will be streaming the England match live during the school day. We have organised for the match to be streamed live to our classrooms from 1.00pm until 3.00pm.

It will be a great occasion and one that will bring the whole community together. Up until the start of the match the school day will run as normal. Students are still required to wear full uniform and should bring equipment that they would normally bring to school on that day such as PE kit. Food and drink will continue to be served during break and lunchtime, however the school day will **finish at the earlier time of 3.00pm**.

If the earlier finish presents a problem, we will still keep the school open to students should they wish to stay behind.

We will also inform all students of these plans before the end of the week so that they can make any additional transport arrangements or decide to stay behind after 3.00pm.

It is still compulsory that students attend school on Monday and we are all looking forward to the staff and students coming together to celebrate and cheer the National teams on during the World Cup.

We are looking forward to experiencing this momentous occasion together and as ever thank you for your continued support.

Best wishes,

Mr McEvoy
