Dear Parents and Carers

Curriculum Letter - Year 7

Our curriculum is at the heart of our provision to ensure equality of opportunity for all our students. It is our intent that all students will develop the necessary academic habits in order to achieve the highest qualifications and so reach their true potential. In short, our vision is to ensure we reach two main goals, to support our students to get their dream job and to become respectful, model citizens.

What is Curriculum?

Curriculum is the totality of a student's experiences in school, this includes form time, PSHE, break and lunch, assembly, clubs, intervention, interactions with teachers but above all it is what is taught in lessons.

Our Curriculum Structure

Key Stage Three – Years 7-9

Our curriculum at key stage three is designed to provide students with the required learning, skills and knowledge to be able to progress towards higher level learning courses including GCSE and BTEC. We also build upon what has been learnt in Primary school. KS3 is all about providing our students with a wide variety of different subjects and experiences that promote a positive attitude towards learning and provide a foundational knowledge in each subject area.

What are we learning?

Each half term we will provide an overview on what is being taught in each subject area so that you can support your child to keep focussed upon their learning. Please see below:
