Dear parents/guardians,

It has come to the attention of the academy that some students have lost or misplaced their iPad chargers. The Horizon's project is a wonderful asset to the academy and we are privileged to be a part of an academy chain which looks to diminish the technology gap and provide access to education to all of our students.

As you are aware, we offer each and every student an iPad, case and charger free of any cost to allow them to access their education both inside the classroom and at home. As a parent or guardian, you play a vital role in ensuring our students care for their iPad and the accessories. Along with caring for their iPad we also need your support in ensuring they bring their iPad each and every day and that it is always charged.

As mentioned at the beginning of this notice some students are misplacing or losing their chargers. As a result we have consulted our IT team and found suitable alternative chargers which unfortunately will have to be purchased by yourself. Should you find yourself in this situation may we please advise you to only buy Apple certified MFI USB C cables for the iPad as this will protect the iPad from overcharging and damaging the battery. As an academy we would advise you to purchase from this link

Please see attached the links for the plug and lead that we recommend:

Should you choose to buy other chargers you may risk being charged when the iPad is handed back in if there is any damage to the battery.

I thank you as always for your support in helping us offer the best education for our students

Regards

Mr J Turner
