

17th May 2024

Dear Parents and Carers,

The end of year assessments for year's 7 – 10 will take place between 17th June 2024 and the 28th June 2024. Students will be assessed in all subjects and reports will be shared with parents before the end of the academic year. Assessments will allow teachers and leaders to measure student progress and adjust plans for next year to ensure any gaps in knowledge can be closed and content re-taught where not understood. Assessment results will also be used to make set decisions in Maths and Science. It is therefore important that students try their very best during these assessments.

Assessments in Years 7 – 9 will take place in classrooms and will be no more than 50mins. They will be staggered across the assessment window to ensure students do not have multiple assessments in one day. The timetable of these, will be shared with parents closer to the time and placed on the academy website.

For year 10, assessments will be held in the Sports Hall and “mock” the conditions of a real GCSE, so students can start to practice the expectations and standards required in their GCSE's. Intervention plans will be planned based on these, so again, it is imperative students revise and prepare for these adequately.

Good attendance throughout this exam period is vital. Wherever possible please ensure appointments are booked outside the school day. Please ensure your child brings their iPad in school every day, fully charged as these are a vital source of revision resources. For Years 7 – 9, many of the assessments will also be completed on their iPads, so it is essential they have them with them each day.

There are plenty of ways that your child(ren) can be revising at home. If you would like to review what the students have studied, you can find all the curriculum overviews on our website:

[Curriculum Structure - \(oasisacademymediacityuk.org\)](https://www.oasisacademymediacityuk.org)

Students also can access teaching resources via Microsoft Teams, complete homework on iPad platforms such as Sparx for Maths and Educake for Science.

[Secondary Homework Help | Online subjects - BBC Bitesize](#) is an excellent platform for all subjects.

For Year 10, students have access to online Pearson revision guides (please find instructions on how to access these at the bottom of this letter,

Should you require any further information please do not hesitate to contact me on joanne.gorman@oasismediacityuk.org

Many Thanks

Mrs Gorman

Deputy Principal

Principal - Paul McEvoy

King William Street, Salford Quays, M50 2UQ

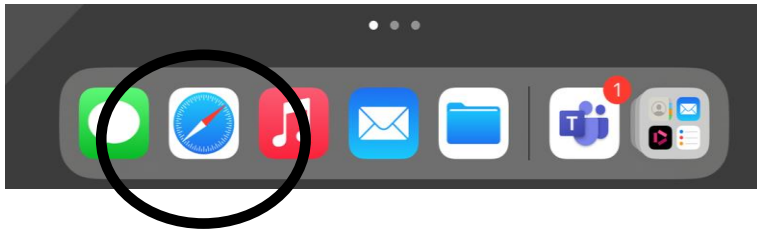

Tel: 0161 886 6500 . Fax: 0161 921 1543 . www.oasisacademymediacityuk.org

How to Access Pearson Revise resources

Step 1

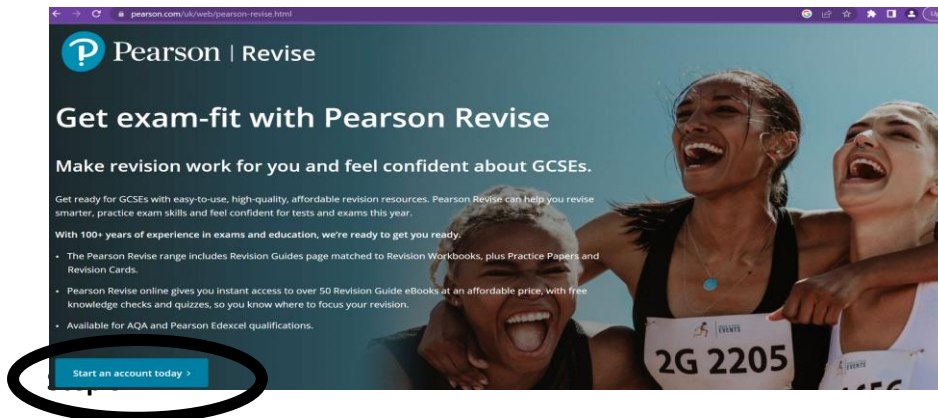

On your Oasis Horizons iPad, open Safari and go to Pearson Revise at:

<https://reviseonline.pearson.com/school/register/?org=oasis>

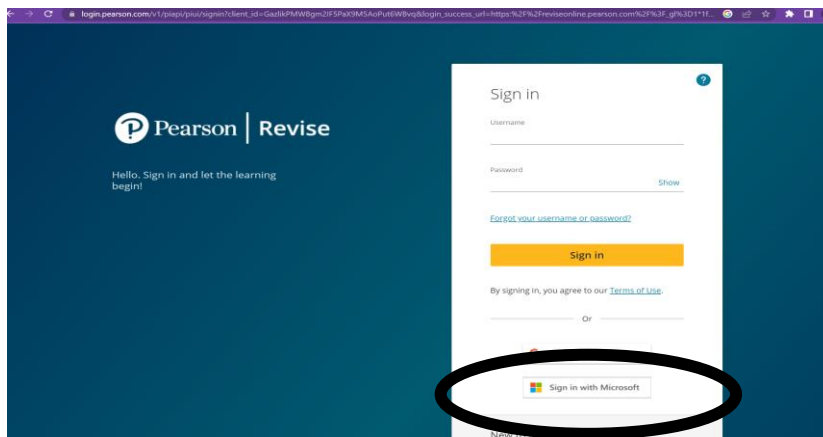

Step 2

On the bottom left of the landing page, choose 'Start an account today'.

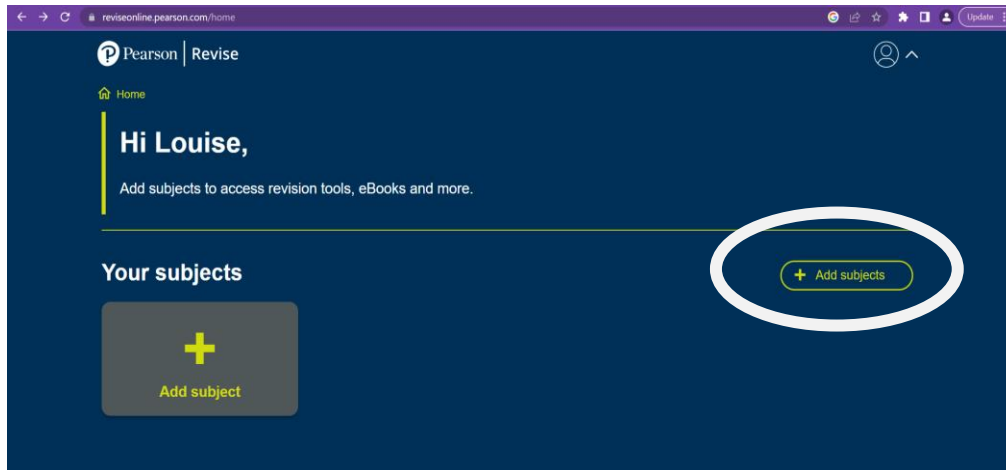

On the next page, choose 'Sign in with Microsoft' (DO NOT choose 'Create an account').

Principal - Paul McEvoy
King William Street, Salford Quays, M50 2UQ
Tel: 0161 886 6500 . Fax: 0161 921 1543 . www.oasisacademymediacityuk.org

Step 4

You will then be logged in using your Oasis details and taken to a landing page with your name at the top. From here you can click 'Add Subjects' and choose all the subjects you are studying for which there are guides available. You only have to set this up once - the system will then remember you the next time you log in.

Remember to check the exam boards, subjects & modules that you are studying.
