

Dear parent/carer,

Please find attached a list of open days for local post-16 education providers which are coming up in the near future. We will be asking students to complete college applications in the run up to Christmas and at the very latest we would like all students to have an application submitted by the end of January.

We encourage students to do as much research as possible into their post 16 choices and to consider:

- The college and its ethos
- The courses offered
- The attainment required to enter their chosen courses
- Travel arrangements

With this in mind we encourage the students and, if possible, you to attend open events of any colleges they are interested in attending. Please be aware that many of these events require an online registration which can be undertaken via the institution's website.

I must add that this is not an exhaustive list but has been put together in consideration of the institutions where the great majority of our students go on to study. Apprenticeships and training providers are further options that we engage with.

If you have any further questions you can contact me at calum.berry@oasismediacityuk.org or our independent careers adviser at Brendan.prendergast@careerconnect.org.uk

Yours faithfully,

Calum Berry
Careers Leader
